Message Body

The theft issues on my job are starting to hamper my production my club windows were delivered yesterday, Pyramid installed all but eight and over the night I lost six to theft. This will slow my Club stucco to some degree. I've talked with James Fantroy about this ongoing problem and his response was I need to install lights for his men. I've talked with Herman King Ferman Kings brother he guards Timbercreek and Arlington Park. He assured me no material would leave the job on his watch. I totally understand the political dilemma but I take this personal. I've sent E-Mails to J.L.Security every time I've lost material on there watch for documentation. Matt and I have discussed this. Will you forward this E-Mail to Brian please.

Thank you
Albert
